

COMBI - HIGH EFFICIENCY

Our Price £

Dimensions
Height - 760mm
Width - 440mm
Depth - 360mm

Flow rate
27CDi - 11.0
30CDi - 12.6
37CDi - 15.1
42CDi - 17.1

GREENSTAR CDI RANGE

- * Hot water and central heating temperature controls
- * Multi-directional fluing
- * Holiday function - frost protection and economic to run
- * Keep hot facility - instantly available hot water
- * Wall mounting frame housing pipes behind it
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 27CDi combi boiler only	980.50
Greenstar 30CDi combi boiler only	1088.44
Greenstar 37CDi combi boiler only	1233.36
Greenstar 42CDi combi boiler only	1465.25

Dimensions
Height - 710mm
Width - 400mm
Depth - 330mm

Flow rate
25si - 10.2
30si - 12.3

GREENSTAR SI RANGE

- * Hot water and central heating temperature controls
- * Multi-directional fluing
- * Compact dimensions - space saving and siting flexibility
- * Keep hot facility - instantly available hot water
- * Includes wall mounting frame for optional vertical pipework routing - no additional wall spacing frame required
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 25Si combi boiler only	883.52
30si Greenstar Combi boiler only	987.47

Dimensions
Height - 710mm
Width - 400mm
Depth - 330mm

Flow rate
24i - 9.8
28i - 11.4

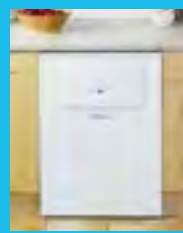

GREENSTAR I JUNIOR RANGE

- * Multi-directional fluing
- * Compact dimensions - space saving and siting flexibility
- * Keep hot facility - instantly heated hot water
- * Includes wall mounting frame for optional vertical pipework routing - no additional wall spacing frame required
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 24i combi Junior boiler only	783.58
Greenstar 28i combi Junior boiler only	877.52

Our Price £

Dimensions
Height - 850mm
Width - 600mm
Depth - 600mm

Flow rate - 20.0

GREENSTAR HIGHFLOW

- * Suitable for larger family homes with multiple bathrooms
- * Both hot water & central heating temps can be controlled
- * Multi-directional fluing offers siting flexibility
- * Built-in condensate pump - 4.5m head increases siting possibilities
- * Earth bonding strip saves labour and money
- * Built-in frost protection
- * Electronic ignition
- * Pump seizure protection
- * Fault finding diagnostics
- * Anti-cycle device
- * No ventilation grilles required in compartments
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 440 CDI Floor Standing boiler	1724.15
550 CDI FS Combi Boiler	2054.98

SYSTEM - HIGH EFFICIENCY

Dimensions
Height - 760mm
Width - 440mm
Depth - 360mm

GREENSTAR CDI RANGE

- * Proven cast aluminium heat exchanger
- * Intelligent controls - consumer comfort and flexibility
- * Central heating boost function - rapid heat up function
- * Wall mounting frame with pipes behind - no exposed pipework
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 30CDi System boiler only	930.49
------------------------------------	--------

Dimensions
Height - 710mm
Width - 400mm
Depth - 330mm

GREENSTAR I RANGE

- * Compact dimensions - space saving and siting flexibility
- * Proven cast aluminium heat exchanger
- * One man lift - 27kg
- * Wall mounting frame with pipes behind - no exposed pipework
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 12i System boiler only	751.60
Greenstar 15i System Boiler only	786.58
Greenstar 18i System boiler	821.56
Greenstar 24i system boiler	853.54

HEATING ONLY - HIGH EFFICIENCY

Our Price £

Dimensions
Height - 600mm
Width - 390mm
Depth - 270mm

GREENSTAR RI RANGE

- * Compact dimensions - fits within kitchen cupboard
- * Can be fitted inside kitchen cabinet dimensions
- * Reversible upwards or downwards pipe connections
- * Multi-directional fluing
- * For ease of installation, flow and return pipes can be plumbed in from above or below the boiler
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

12Ri heating only Regular HE boiler	667.63
Greenstar 15Ri Regular HE boiler	696.61
Greenstar 18Ri Regular HE boiler	746.59
24ri Regular HE boiler only	771.97

Dimensions
Height - 760mm
Width - 440mm
Depth - 360mm

GREENSTAR CDI CONVENTIONAL

- * Wall mounting frame with pipes behind - no exposed pipework
- * Can be fitted inside kitchen cabinet dimensions
- * Reversible upwards or downwards pipe connections
- * Multi-directional fluing
- * Low NOx and CO₂ emissions - environmentally friendly
- * **2 year warranty with 10 year warranty on primary heat exchanger** (subject to conditions)

Greenstar 30CDi HE Regular boiler only	931.49
40CDi Conventional boiler only	1394.26
